Ronald C. Harrell Engineering Scholarship

Instructions to Applicants

We appreciate your interest in this scholarship and encourage you at any time to contact a NCSE scholarship committee member if you have questions.

1. The enclosed application should be read and completed with care. You can also request an electronic application at:
<http://www.ncsocietyofengineers.org/scholarship.html>
2. The most recent academic transcripts from college need to be sent directly to the committee.
3. Two (2) letters of recommendation completed by individuals who can validate your character. These letters need to be mailed directly to the committee. Letters of recommendation can also be submitted online as part of the electronic application.
4. The Scholarship Committee will be responsible for securing the completed applications, validating the information, checking references as needed, and personally interviewing a “set” of finalists as they deem necessary.
5. The Scholarship Committee will be the final authority on the scholarship winner and will be responsible for notifying the winner.
6. The scholarship will be open to all qualified students. Associates, family members or relatives of society members are welcome to apply.
7. Application and all necessary paperwork should be submitted not later than April 26, 2017.

Note: Please remember that the transcripts and letters of recommendation should be sent directly to the committee from the school and individuals. Documents sent to the applicant and forwarded to the committee can be disallowed at the discretion of the committee.

North Carolina Society of Engineers
Ronald C. Harrell Engineering Scholarship
Overview

The North Carolina Society of Engineers, founded in 1918, is a non-profit, non-partisan, non-sectarian organization which helps to promote the social, economic and technical interests of the engineering profession throughout the state of North Carolina.

NCSE has as part of its charter the promotion of engineering education in the state. Mr. Ron Harrell, who is deceased, was an outstanding member of the NCSE. He was active in the society in numerous ways, including serving as president, district director, and committee chairmanships. In 1999 Ron was honored as the NCSE Outstanding Engineer. NCSE has chosen to name this scholarship in honor of Ron.

The Harrell Scholarship will provide support to assist with tuition, fees, and books for a full time student who has a declared major in Engineering or Engineering Technology. The recipient may reapply for consideration but eligibility shall be limited to four (4) semesters.

Scholarship payments will be made directly to the school in the winner's name. Payments will be by semester or quarter.

The Scholarship Committee, under the direction of NCSE Board of Directors, will be the final authority on the scholarship winner and will be the responsible entity to interview, validate, select and award the scholarship.
